Dear Jack and Elizabeth Sullivan:

I just wanted to take this opportunity to give my sincere thanks for being available to do my home inspection. I was extremely thankful that Vision Tech Home Inspections were the company that I had chosen. Jack went above and beyond my expectations. Not only was he completely thorough but absolutely professional and accurate in all his assessments. Also, I appreciated the Building Analysis Report and the easiness of its usage for my personal records. Jack left me with the sense that this was not just a job, but it was a passion for him. He didn't just stop with the inspection, but also showed me how to budget for future needs. I would recommend Vision Tech Home Inspectors for anyone in need of this type of service. Thanks so

much Jack and Elizabeth, a job well done.

Sincerely,

Joseph S
