

August 27, 2002

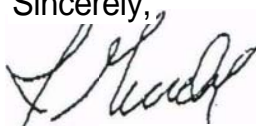

To Whom It May Concern:

On August 23, 2002; Vision Tech. was hired to do an inspection on my home. What I found with this company was excellence in service, courtesy in business and extensive care with each detail.

As a business owner, I look for many things in other businesses that I come in contact with; promptness and thoroughness being of the top two on my list. Vision Tech arrived early for their appointment, spent a great deal of time answering patiently each question that I had and carefully provided an extensive and detailed report system.

I am completely satisfied with Vision Tech as they have not only met but have gone beyond my expectations. Without reservation, I highly recommend the services of Vision Tech.

Sincerely,
