

Dear Jack,

Thank you for your time in doing our home inspection. We weren't sure what to expect (we were told 2-3 hours) but your 4 hour thorough inspection was unbelievable. You were always there if we had any questions or needed your opinion. You are very honest and had a real concern and interest for us. Nothing was too much trouble for you. You certainly are a hard worker and very devoted. Thanks again.

**Your very satisfied customers!**
